The relic of the blood of St. John Paul II will begin its pilgrimage from the Archdiocese of Rome, Italy, and will travel to parishes throughout the world. At each parish Holy Mass will be celebrated, and the Holy Rosary will be prayed with meditations on specific themes of the legacy of St. John Paul II for all to ponder and treasure, followed by veneration of the relic. Each person will be able to come forward to venerate the relic and to ask for the intercession of the Saint. The faithful will also receive a holy card that can be touched to the relic.
