

CONSECRATION OF THE RESPECT LIFE MINISTRY TO THE HEARTS OF JESUS AND MARY

Mother Adela Galindo, Foundress SCTJM

"It is appropriate in our times, to profoundly understand and have a greater conscience of the intimate relationship that exists between the Two Hearts, and of the immense value that an authentic devotion and consecration to the Hearts of Jesus and Mary have in our lives."

(Pope John Paul II, November 23, 1987)

O SACRED HEART OF JESUS, you have loved humanity to the extreme and have not spared anything to bring about our salvation and to give to us your love, your life, your grace and your truth. You have loved man to the point of allowing your Heart to be pierced so as to become the source of abundant life for all humanity. You have taught us to love to the point of giving life. Your Pierced Heart is the **open fountain** from which flow, with power and strength, the Blood and Water that purify, transform, vivify and liberate our hearts. Your Pierced Heart is the greatest sign of love that humanity can contemplate; love that is willing to be pierced to give life, a love that in itself is fruitful and has power to bring new life.

To your Sacred Heart we desire to consecrate today **"The Respect life Ministry"**. Through this consecration we ask you to pour over this ministry and all those who participate in this mission, the graces to be witnesses to love and life in a world so battled by the culture of death and selfishness. May this consecration bring forth a renewal of heart to live, teach and witness to the Gospel of Life with ardor and enthusiasm. May everyone of us serving this mission, acquire the virtues that are found in your Heart and be totally disposed to be channels of mercy and life for those who will need our services. May "The Respect life Ministry" be a fit and humble instrument of Your Heart to promote the culture of love and life and the sincere well-being of all, especially the unborn, the defenseless and the needy.

O IMMACULATE HEART OF MARY, you are the most perfect model of total consecration and dedication to the Heart of Jesus. O Mother, your heart was totally open to life and to serve Jesus, the Life of the World. It is our desire to be disposed to the power of the Spirit who is the giver of life, and to unconditionally serve, as you Mother, His designs to bring a new culture of love, light, and life. Teach us to be pure and generous channels to communicate the life of Jesus to so many hearts.

The **"Respect Life Ministry"** wishes to consecrate itself to your Immaculate and Maternal Heart, the perfect and sure path to enter into profound communion with the Heart of Jesus. Your Heart, filled abundantly with grace and holiness, is the refuge where we are healed and liberated from all our selfishness, sterilities and darkness. Oh Most Holy Virgin, we want to belong unreservedly to your Maternal Heart, bearing within us a complete and loving readiness to do the will of God, manifested through your maternal mediation. In virtue of this consecration, we implore you, O Immaculate Heart, to guide us into a path of fruitfulness in our own

hearts and apostolic mission in the Church for the triumph of the culture of life. With your maternal care, protect us from all physical and spiritual harm. May our hearts be inflamed by the fire of the Holy Spirit as is your Heart so to proclaim as you did, by prayer and presence; by words and actions, the power of being witnesses to love and to life. May we be like you, protectors and guardians of life; promoters and channels of life.

O PIERCED HEARTS OF JESUS AND MARY, united in love to bring us life! You are the hope of the world. In your perfect communion of love for God and for humanity, you have given yourselves for the salvation of the world. You have taught us that love conquers fear, that love conquers darkness, that love always has the power to give life. Through this consecration, the Respect Life Ministry of the Archdiocese of Miami, humbly seeks to participate in the designs of mercy which the Two Hearts are manifesting in the world. May we be ardent witnesses and generous servants of the new civilization of love and life. May the banner for our mission of and for life, be the Hearts of Jesus and Mary. May their triumph of love bring about a culture of life. **Amen!**
